

Brief CV

Name/中文姓名	李刚	Gender	man	
Title (Pro./Dr.)	Associate Professor/doctor	Country	china	
Phone Number		WeChat ID		
Email		QQ		
University/Department	Dalian jiaotong university/College of Environmental and Chemical Engineering			
Personal Web Sites				
Research Area	Environmental contaminants controlled and resource utilization			

Brief introduction of your research experience:

Work Experiences

2006.3-2006.5 Affiliation (Institution, address): Institute of Solid State Chemistry of RAS study

2010.9-2011.6 nanjing university visiting scholar

Publications

1. Electrochemical Reparation of Iron Oxide from Waste Pickling.

Water Pollution and Treatment, 2018, 6(1), 47-53

2..Study On Recovery Source Of Phosphorus From Toilet Water By Electrochemistry. *Earth and Environmental Science*.2018,V170

3.Effect of calcium on adsorption capacity of powdered activated carbon. *Journal of Environmental Sciences* , 2013,V25,

4. Study on Mg/Al Layered Double Hydroxides Prepared by Fouled Anion-exchange Resins. *chemistry Letters* .2015,10

****All the columns need to be filled in.
