

Brief CV

Name	Li Zhixue	Gender	Male	
Title (Pro./Dr.)	Professor	Country	China	
Phone Number		Email		
University/Department	Xi'an Shiyou University			
Personal Web Sites	N/A			
Research Area	Environmental resource economic evaluation method and application			

Brief introduction of your research experience:

The following are the representative research papers published in recent years:

1. 《Research on China's Carbon Emissions Trading Market Status, Problems and Measures》 Ecology and Environmental Sciences 2014.11 (Core journal)
2. 《The Path choice of the establishment of environmental liability insurance system in China》 Environmental Pollution Control 2013.5 (Core journal)
3. 《Dynamic Effects of High-tech Products Import and Innovation on Productivity》 Statistics&Decision 2017.7 (CSSCI)
4. 《Research on Efficiency Evaluation of Reducing Carbon Emission in China's Different Regions》 Commercial Research 2013.5 (Core journal)
5. 《Carbon Emissions Initial Allocation Method And Problem Analysis》 Environmental Engineering 2014.3 (Core journal)
6. 《Analysis of Regional Carbon Emission Levels and Their Causes in Various Provinces of China》 Statistics&Decision 2016.5 (CSSCI)
7. 《Research on the Motivation of Operation Cost of Natural Gas Mining Enterprises》 Friends of Accounting 2016.2 (Core journal)

Representative research projects mainly include:

1. **Class of the Project:** The National Social Science Fund of China

Name of the Project: Study on environmental effect, cost characteristics and price subsidy policy of new energy industry

Commencement Date & Deadline: 2016.5 -2019.12

Role in the Project : HOST

Project Progress: Completed item

2. **Class of the Project:** The National Social Science Fund of China

Name of the Project: China's Carbon Emission Intensity, Influencing Factors and Emission Reduction

Potential

Commencement Date & Deadline:2013.7-2018.8

Role in the Project :HOST

Project Progress: Completed item
